Dillsburg, PA 17019

Junior Computer Science major specializing in AI and Data Science at Elizabethtown College, with hands-on experience with secure web development, data processing and visualization, and database design; proven leadership as an Eagle Scout.

EDUCATION:

Elizabethtown College, *Elizabethtown, PA* – Cumulative **GPA: 3.87**

Class of 2027

Bachelor's of Science in Computer Science with a concentration in AI & Data Science

Dean's List

Emergent Scholar Award Recipient

Alpha Lambda Delta Honor Society

Fall 2023 – Fall 2025

March 2025

March 2024 – Present

Relevant Coursework:

- Software Engineering, Database Systems, Algorithms, Systems Programming, Foundations of AI & Data Science, Intro to Data Visualization
- Applied Discrete Math, Probability and Statistics, Statistical Methods in Research
- **Currently Taking:** Machine Learning, From Data Mining to Deep Learning, Computer Architecture

TECHNICAL SKILLS:

- **Programming & Development:** Python, R, Java, HTML/CSS/JS, C, MySQL, Git/GitHub, Linux, SAS, Microsoft 365, FTP, Google Colab, Google Cloud
- **Python Libraries:** Matplotlib, Pandas, Seaborn, NumPy, Scikit-learn
- **Data Visualization:** Power BI, Tableau
- **Soft Skills:** Adaptability, Team-Oriented, Independent, Communicator

PROFESSIONAL EXPERIENCE:

Learning Zone Tutor, Elizabethtown College

Feb 2024 – Present

- Facilitated private tutoring sessions for students in several Math classes
- Assisted students in understanding topics by clearly explaining and guiding them
- Found ways to address students' concerns about the class

PROJECTS:

Unified Inventory System (UIS)

<https://github.com/Pitlug/Unified-Inventory-System-UIS>

Oct 2025 – Dec 2025

- Collaboratively developed a website to keep track of inventory items and orders using **PHP, MySQL, CSS, and JavaScript**
- Worked on the orders page, database design, and used **FTP** to update the website on a Hostinger cloud server
- Utilized **Git** version control software and **GitHub** for effective collaboration

Predicting MLB Team Wins

<https://github.com/mtndrewu/predicting-mlb-wins>

Sep 2024 – Nov 2024

- Utilized **Python** and the **Matplotlib, Pandas, Seaborn, NumPy**, and **scikit-learn** libraries to predict the number of MLB team wins based on metrics like hits, runs, and earned run average (ERA)
- Used **Linear Regression, KNN, SVM**, and **Random Forests**
- Facilitated effective team collaboration using **Google Colab**
- Conveyed trends and insights using **heat maps, box plots**, and **scatter plots**
- Achieved 89% R2 score, better result than comparable methods researched

EXTRACURRICULAR ACTIVITIES:

Treasurer, Elizabethtown College Gaming Club

May 2025 - Present

- Provided an active presence in club meetings and events
- Maintained clear records of club finances

Eagle Scout, Boy Scout Troop 38 (Dillsburg, PA)

August 2023

- Led a project to build a community book exchange (consisting of three cabinets on wheels) and a bench outside of a local elementary school
- Improved my skills as a leader by being able to come up with an idea and present it to multiple people (school board members, my Scoutmaster, people from the Scout council, teachers and students at the school)
